ANH IS A PEDOPHILE

As a reminder, Anh is the creator of BAD PARENTING, a game that went viral on youtube and tiktok, played by big youtubers like CaseOh, IShowSpeed, xQc, CoryxKenshin more recently.

His discord ID : 324407497416769537

This document is being made because we cannot stand to see Anh getting so much fame after we know what he did, he's been grooming minors and manipulating them, making them think they're at fault.

As a reminder, Anh is currently 22 years old. His victims are all **under** the age of 18 going down to 14 years old.

If there's other people going through this and has proof, please contact : anhgroomerproofs@gmail.com

Every image will have a context to it, explaining how things got here.

Our victim will explain how everything started with Anh. It started when she sent him a friend request. (At the time the victim had her age in their bio, so 14). After adding her back, they began to talk frequently, becoming friends, doing VC, and playing together often; so at first it was platonic. The victim was acting the same with Anh as with her other friends. Then, it became more private, when the victim was talking about her feelings, and personal life problems to Anh since he's an "adult" or "more mature". Wishing that he could make her feel better. Anh shared his problems, and in return, he established a relationship of "trust" between him and his victim. The more they talked, the more they became closer. The victim's feelings were confused. They started dating. The victim thought it was okay because she'd never been in a relationship before. They started talking about more "intimate" stuff like kissing etc saying how much they loved each other. (Anh, knowing that his "girlfriend" was 14).

Now here's the proof of this relationship.

In this image, we can see how he referred to the victim as “his girlfriend”, knowing how old she is. Everything was normal for her here, explaining she felt “safe”.

Do we need an explanation for this?

TheAnh 26d

Message @Th...

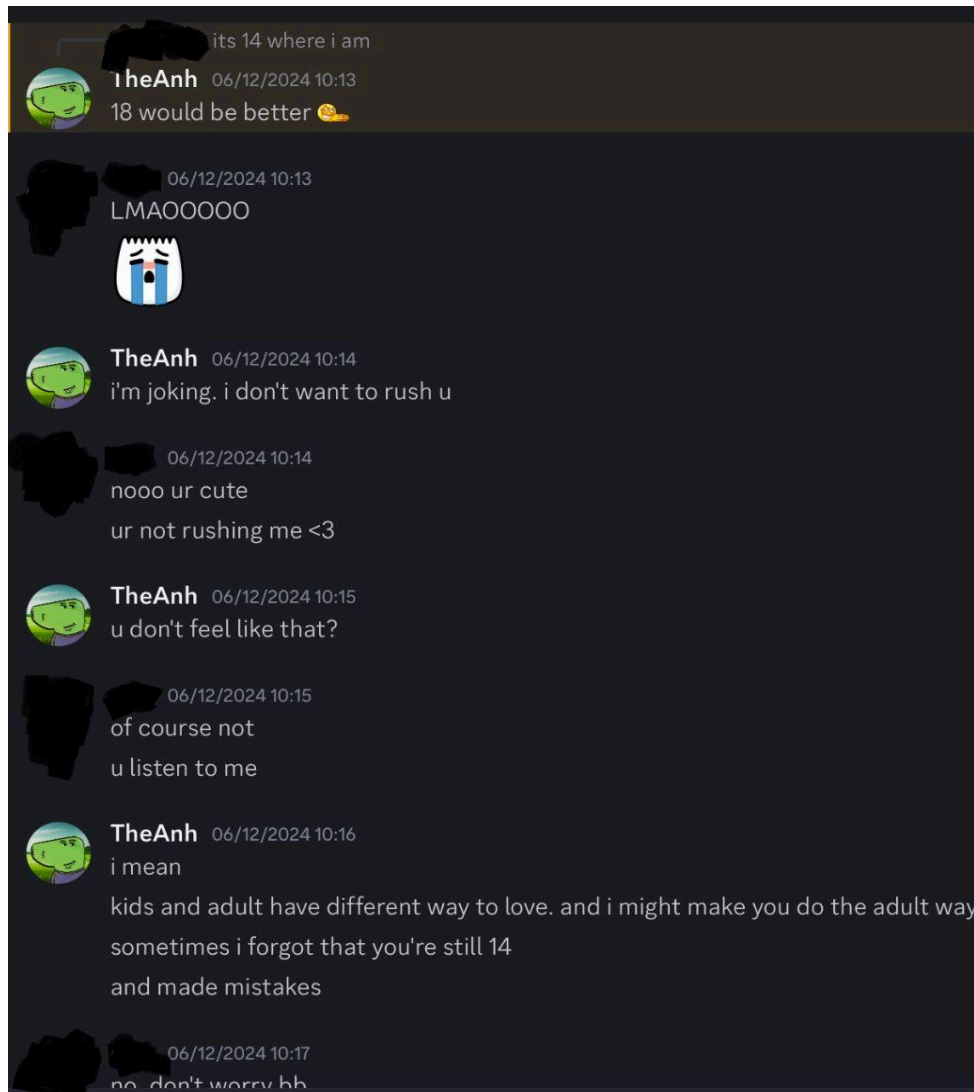

In this image we can see that Anh is getting mad over something really dumb, showing us the psychological hold he had on her at the time. Making her feel bad about literally “not joining Roblox”. Psychological hold is often used in cases of grooming. Making it harder for the victim to understand that they didn’t do anything bad, the groomer is just emotionally childish. Putting pressure on the victim for them to stay.

"I love when you're being shy" Yes, i would assume a 14 year old gets shy when a 22 year old grooms her.

Still proof of their relationship. Doing calls.

“Kids and adults” he knows exactly what he’s doing, but he keeps going. He truly doesn’t care.

TheAnh 28d

(Those messages were before they started dating, it's a conversation between Anh and her).

In those messages Anh is “apparently” in contact with someone else, having a crush on “another girl”, a girl that is around 14. But we figured out that it was just the name of his victim backwards.
